Greetings,

Today I held the first in-person class in Reid 201. Four students attended. I will continue to do in-person sessions as long as there is a demand for them.

Anyone have any questions about the course so far or the Week 1 materials? Only 2 students haven't accessed the Brightspace course content yet.

It would be nice to get some validation from everyone that they are receiving my emails from Brightspace. **Please respond back to this so I know it was received. I'll only do this exercise once.** Anyone I don't hear back from by the end of the week, I'll try to contact with a direct email and ask them to double-check their Brightspace email settings.
